

# Taste for Sight 2010

Friday, July 30th, 7:30-10:00 p.m

**The National Cowboy & Western Heritage Museum  
Benefiting Prevent Blindness Oklahoma**

Taste for Sight is the most celebrated wine and food tasting event in Oklahoma City, offering guests an evening of culinary delight and entertainment. The event will feature many of the metro's most popular restaurants, marvelous wines and premium beers. In addition, guests will enjoy a band, dancing, live and silent auction, raffle and a wine pull.

**Don't miss Taste for Sight 2010!**

## Prevent Blindness Oklahoma

Sight Saving, Inc. benefits Prevent Blindness Oklahoma. Established in 1965, Prevent Blindness Oklahoma is the only non-profit agency in the state dedicated exclusively to preventing blindness and saving sight. All proceeds from Taste for Sight benefit the free Children's Vision Screening Program. During 2009 PBO provided over 251,000 free vision screenings for elementary school-age children across the state and free eye glasses to those children in need.

Losing sight can be a terrifying experience with many of our daily tasks becoming impossible. Yet, for many Oklahoma children the blurry words and pictures is all they ever see. They struggle to read or to catch a ball. They are unaware of any other way. This is the reason Prevent Blindness Oklahoma provides programs to ensure a better future for our children.
